Hosted Desktop UK Limited

Example of cost comparison for a traditional on-site set-up versus our Hosted Desktop solution for: 5 users working in one office

Notes

(1) Cost based on one Dell PowerEdge T310 Servers, plus one Server for SQL and Terminal Services, software plus four backup drives and 5 Terminal Server Cals and all Microsoft licences (source Dell www.ecomm.euro.dell.com).

Also included would be costs of a UPS and a rack to store the servers.

(2) Estimate need to replace 1 PC per annum (on basis of 3 year estimated useful life per machine). Cost is based on Dell OptiPlex 790 with Intel Core i3-2120 Processor, Windows 7 Pro, 4GB Memory, 250GB Hard drive and 3 year basic warranty, plus delivery charge (source Dell www.ecomm.euro.dell.com)

(3) £190 per month for Bonded DSL internet line (source Eclipse www.eclipse.net.uk).

(4) Support costs are calculated on a monthly basis at £45.00 per server plus £10.00 per user, provided by an external IT support company, and do not take into account any internal staff time and updating software.

(5) Cost of electricity calculated on 2 servers using on average 200 watts per server for an average of 12 hours a day for 260 days a year, at a rate of 0.15p per kwh.

(6) Estimate need to replace 1 PC per annum, but replace with Thin Client.

(7) Microsoft Office Standard 2010 includes Word, Excel, Outlook and PowerPoint.

(8) Microsoft Exchange Mailboxes come with 25GB per email address including sync calendars.

(9) Bonded DSL line at £190 per month (source Eclipse www.eclipse.net.uk).

(10) Electricity savings based upon replacing 1 PC with Thin Client per annum, and the savings thereon are based upon an average PC using 455 kwh's per annum and Thin Client using 52 kwh's per annum, at the rate of 0.15p per kwh.

Assumptions and other benefits

All prices are exclusive of VAT . Any inflationary prices increases have not been taken into account over the 3 years.

The hosted desktop charges are an allowable deduction from profit and therefore tax will be saved at the businesses effective rate of tax. Capital expenditure may not achieve 100% tax relief in the first year. These savings have not been taken into account.

No account has been taken for disaster recovery costs on the traditional desktop. Our hosted desktop solution includes backup, resiliance and replication.

Data prepared June 2012. All prices correct at time of preparing.
